

ZS 33/44 MK2

THE DURABLE SLIDER LIFT FOR TRUCKS & TRAILERS

The heavy duty slider lift with a lifting capacity of 3,300 and 4,400 lbs.

The ZS features a powder coated, high-strength steel frame and platforms in different sizes, and options.

Robust and sturdy design with corrosion-protected cylinders and the new solid state control system makes this the perfect choice for all heavy trucks.

A robust lift designed to maximize vehicle up-time and lift lifecycle. The slider lift is very easy to operate and very simple to maintain. It is the ideal lift to support your busy operation.

Reliable performance:

High strength steel used in the lifting mechanism makes this lift sturdy and durable. An efficient hydraulic system makes the operation fast, regardless of weather conditions.

Low maintenance:

All cylinders are fully protected by bellows. An easy access power pack in the mount tube protects the sensitive parts and makes maintenance quick and simple. The ZS features corrosion-resistant material in all pins and drives.

Intuitive control unit:

Control unit with enhanced user interface and LED lights to guide the operator. Plug & play installation using quick connectors.

Easy installation:

Width-adjustable mounting brackets, integrated control unit bracket, and a pre-installed power pack makes the lift easy to install.

Recommended Segments

- Food and Beverage
- Vehicle rental
- Home delivery services
- Wholesale distribution

ZS Specifications	
Platform width	94"
Platform depth	62" and 78"
Lifting capacity	3,300 and 4,400 lbs.
